SUBJECT: Section 31a At-Risk Pupils

Section 31a provides funding to eligible local educational agencies (LEAs) for instructional and direct non-instructional support services for students who meet the At-Risk identification characteristics specified in the legislation. The Michigan Department of Education has developed guidance to assist LEAs receiving 31a State At-Risk funds in addressing the requirements of this grant.

If your district receives 31a funds, your 31a At-Risk students must be identified in the Michigan Student Data Systems (MSDS) collections. LEAs are required to report eligible students and include any new eligible student in every collection. The only students that will be identified as At-Risk without district input are those students enrolled in a Priority School.

The 2015-2016 Section 31a At-Risk program legislation requires accountability for 3rd grade and 11th grade At-Risk students, which will be determined in three-year cycles beginning in 2015-16. There will be no public reporting of 31a accountability for the 2014-15 year. From the 2015-16 baseline year, 31a accountability for both 3rd grade reading and 11th grade college and career readiness will not be publicly reported until 2018, when three years of data are available.
